

Euxton Church of England Primary School

Comments from our Reception Parents

We couldn't be happier with our school choice. Our daughter looks forward to going to school every day and always comes home with enthusiasm about what she has learnt. Mrs Ash and Mrs Critchley are fantastic and have helped our daughter to settle in brilliantly. The regular updates through parent pay and twitter are a great way of keeping up with everything that Reception are doing.

We are both really proud of our daughter with how well she has settled in to Euxton C of E. She tells us every day of the new things she is learning and all the new friends she has made! We are really happy that we get to be part of the school community and know that she is happy too!

Our son has settled in really well. He is happy and enjoying school. Really pleased also that Mrs Ash has been quick to spot a potential speech problem which I had been putting down to immaturity but after talking it through agree that an assessment and some extra support may help. Really impressive that we are a matter of weeks into reception and that she has picked up on this. From a parents perspective we are happy, comfortable and trust that school will be a warm, supportive, encouraging and nurturing environment for him as it continues to be for our older son.

School starts with a really warm welcome from teachers and headteacher alike, and my son leaves school every day saying "I had a good day at school today!". Teachers have inspired my son to be more confident in those little practical skills, such as buttoning his coat, to new skills like learning to write his name. School keeps me informed of his welfare ... staff genuinely care. Worship is fantastic! The Christian values of the school are also apparent when the older children very often play and support the little ones. I could not have chosen a better school. I have started to volunteer at the school and see first hand that what is said to happen at school, genuinely does. My little boy enjoys his time at school so much, he shouts loudly each morning as the school gate opens "COME ON EVERYBODY, LOOK! THE GATE'S OPENING, LET'S GO INSIDE"! I think I have a headmaster in the making!

Our starting school experience has been really positive. As well as support from the school we have also had great support offered from other parents and children which was very welcoming. We have all settled into our new routine quickly and are really happy with our choice.

Our daughter has settled very quickly into her schooling career. The way she and her fellow reception class students are taught is showing in her speech and attitude at home, and as parents we are very happy with the way Euxton C of E are helping her learn.

Our boy had absolutely loved school from day one, in fact the only tears he has shed were when he learned he wasn't going to after school club every day! Already, just a few weeks into the year, we have heard so much about activities, opportunities, and experiences that are going on, there is such a creative and varied range of learning which is a real real joy to see and gives us lots to talk about with him. His teachers and Mr Ward are always around should we need anything which is so reassuring and there is just a lovely community feel to the school. We are so pleased to be part of the Euxton CE family!

We feel extremely fortunate that our little girl was accepted at Euxton C of E primary school. When we first had a look we immediately noticed the warmth and family feel and this has now been confirmed since our daughter has started. We can't help but notice that all the staff are always smiling, friendly and always ready to help - nothing is ever a problem. Everyone is very approachable and happy to help in anyway they can. This is truly a happy place and we are so grateful our daughter gets to be in such a positive environment. Mrs Ash and the team have been wonderful in helping her settle in. What really stood out to us though is that the children of other classes have made such an effort to make her feel welcome and help her with whatever they can. We feel this is a real credit to the school and all the efforts they put in. We also love how well the school is communicating with us - knowing what is going on or being reminded is extremely helpful from our a parental point of view. It's only been a few weeks but we have already observed many positive changes at home in our daughter as well (her vocabulary and writing more letters for example). Our little girl loves going to this school and bounces every morning on the way in! We are very thankful for this amazing school and all its fantastic work! We wouldn't hesitate to recommend it to anyone.

In our Christian family, we all SHINE in the light of Jesus.
